**Patrick Tang, Head of CRM, Insight, and Supporter Care - Wood Green, The Animals Charity**

I have worked in the Charity sector for over 13 years, beginning as a System Administrator and progressing into Database Management. My Database experience includes working in the following charity types: military, children, foreign aid, medical, youth development, and animal.

I have been lucky enough to have worked with various Fundraising Teams including Individual Giving, Marketing, Community, Trusts, and Corporate. Working on various projects has also meant working closely with other teams like Finance, and IT.

All of these experiences has enabled me to develop as a Database professional to deliver excellent Data Services.

**Joel Voysey, Director of Fundraising, The Hospice of St Francis**

Joel began his fundraising career with WaterAid in 1997, before spells at Amnesty International UK and VSO. In 2007 he moved from fundraising for international causes to managing income generation teams in the UK Health, Social Care and Research sectors, At United Response, Breast Cancer Campaign (now Breast Cancer Now) and latterly, as Fundraising Director at two hospices. As Director of Fundraising at the Hospice of St Francis, Joel is managing his staff and volunteer teams to work with supporters in ways which harness their commitment to the hospice and give people a range of ways, to give, to get involved, and to be advocates for our work in our local area. Managing supporter's privacy effectively and enabling them to exercise choice and control in their relationship with the hospice is central to this approach.
